*What is SEYS 2025?

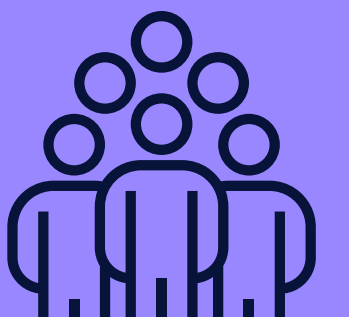

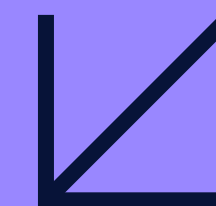

Sustainable Egypt Youth Summit SEYS 2025 is Egypt's leading national platform for empowering youth in climate action, green jobs, and sustainability leadership.

It builds on the success of 5 editions of LCOY Egypt, is aligned with the UN process, and follows the momentum of the first Sustainable Egypt Youth Summit 2024.

This year, 3,000+ youth, experts, companies, and policymakers will gather for a transformative two-day summit of learning, networking, and action.

Sustainable Egypt Youth Summit **2025 Theme:**

GREEN JOBS & FUTURE CAREER SKILLS

Empowering youth to lead Egypt's green transition

Tracks

Sustainable
Systems &
Transitions

Understanding the big picture and foundations for a green economy

Explores the policy, economic, and societal shifts required for an inclusive green transition. Sessions cover just transition principles, foundational sustainability concepts, and enabling policies such as national strategies, labor laws, and education reforms that support green jobs and future skill

Empowered
Youth & Societal
Change

Youth leadership, community resilience, and civil society’s role

Centers on the role of young leaders and community-based actors in driving societal transformation. Highlights empowerment strategies, civic engagement tools, and pathways for underrepresented groups and governorate-specific job creation in the sustainability sector.

Innovation,
Finance & Circular
Solutions

Tools, models, and investments shaping the green economy

Focuses on the practical enablers of a sustainable economy — from breakthrough technologies to climate finance mechanisms. Discussions highlight circular economy business models, social innovation strategies, and investment pathways that can accelerate climate action while creating economic opportunities.

Why It Matters?

With 60% of Egyptians under 30 (CAPMAS, 2023), SEYS 2025 empowers youth to:

Support **Egypt Vision 2030** on sustainable development and inclusive green growth.

Egypt Vision 2030

01

Align with Egypt's **National Climate Change Strategy 2050** for climate resilience.

NCCS 2050 – UNFCCC

02

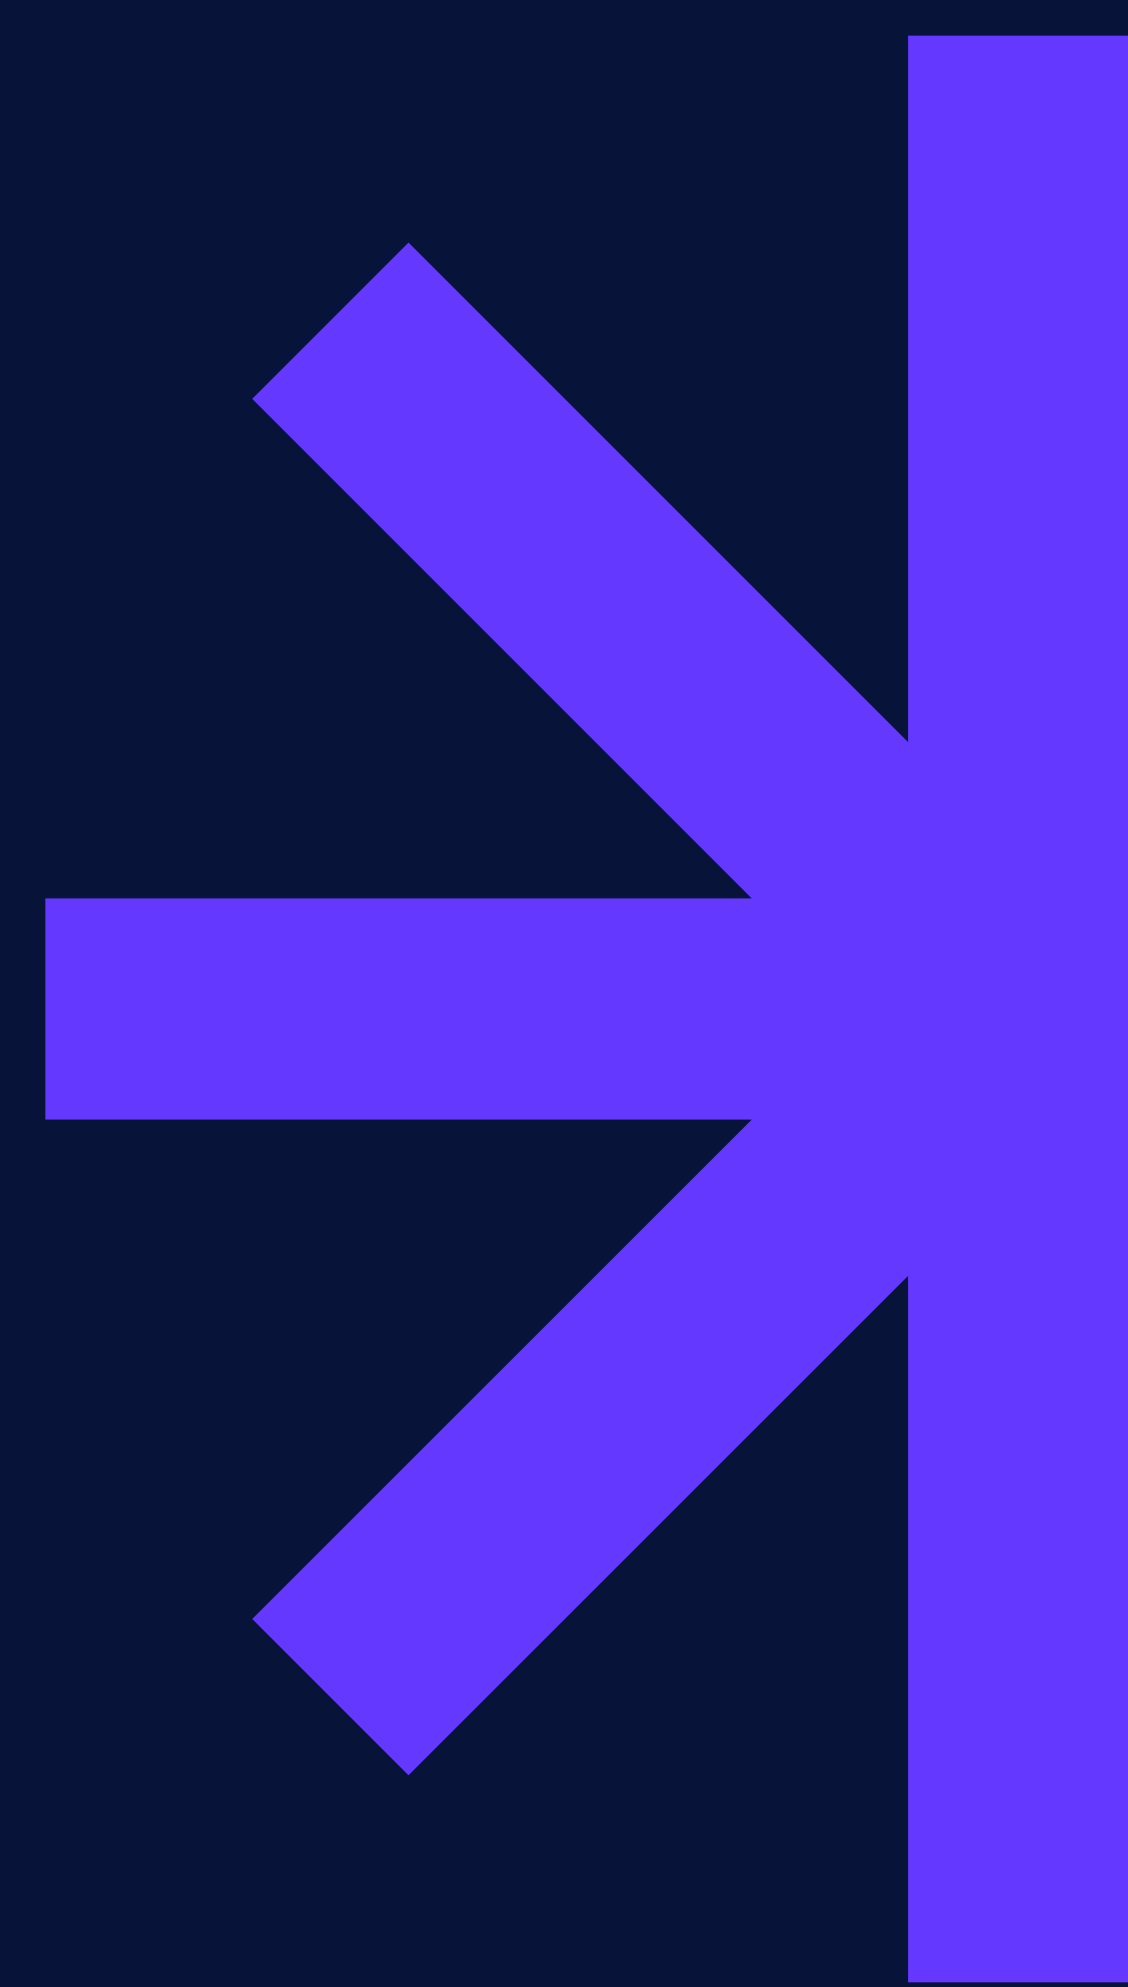

WEF Future of Jobs 2025 |
ILO Green Jobs 2023

03

SEYS shapes Egypt's next generation of climate leaders.

OUR PROVEN IMPACT

National Reach:

6 MAJOR EVENTS IN EGYPT

31+

activities across
key cities in Egypt

10,000+

young
participants
engaged

60+

partnerships across
government, NGOs,
and private sector

150+

grassroots
initiatives
launched

1,000+

committed
volunteers
mobilized

27

governorates
Youth representation
from all

30+

youth policy briefs
and statements
developed

SEYS 2025 builds on years of youth-led climate and environmental action in Egypt through five editions of LCOY Egypt and the national SEYS 2024 summit.

OUR PROVEN IMPACT

Regional & Global Reach:

500+

youth leaders
from the MENA
region convened

100+

interactive
workshops
and sessions

60+

cross-border
partnerships with
NGOs, donors, and
ministries

170+

local and
international
partners

3

Regional events

1

international event

1,400+

global youth participants
from 149 countries at COY17

Youth policy priorities cited in official
UNFCCC COP outcomes

Our impact extends across borders. Through three editions of RCOY MENA and co-hosting COY17, the official Global Youth Climate Conference under UNFCCC, we've helped bring regional and global youth voices to the heart of international policy.

WHY PARTNER WITH SEYS 2025?

SEYS 2025 is Egypt's largest youth sustainability summit, gathering 3,000+ young leaders, companies, NGOs, and policymakers to shape green jobs, climate solutions, and a sustainable future.

Partnering with SEYS means:

Positioning your brand as a sustainability leader.

Engaging directly with youth, startups, and innovators.

Supporting Egypt Vision 2030 & green economy priorities.

Testimonials

"Youth have proven to be partners in decision-making. Sustainable Egypt will be achieved through their efforts."

– H.E Dr. Ashraf Sobhy –
Minister of youth and Sports

Kudos to the dedication of Act Sustainable to climate action and to their ability to mobilize young people for environmental causes over the years. This is a testimony to their efforts and I look forward to our continued collaboration.

– Elena Panova –
The UN Resident Coordinator, Egypt.
